## Buckner Family Hope Center

Located in Peñitas, Texas, the Buckner Family Hope Center is one of Buckner International four core ministries. The goal of Hope Center is to provide specific, targeted services to fragile families to ensure they remain intact and experience holistic transformation. Too often, families are ripped apart by self-destruction or external circumstances, and the first to suffer are the children.

We believe that by helping families in a community one at a time, transformation will occur throughout the entire community. Buckner has a long-term commitment to walk side-by-side with families to enable them become self-sustainable. As they experience services through Buckner, they gain strength in every area of life – physical, mental, and spiritual. We can't wait for you to meet these extraordinary families who now are filled with hope for a better future.
